

Semiregular Tessellations: Hands-On Activity #1 (large image)

Cut-out and Experiment Yourself ---- Totally Tessellated @ <http://library.advanced.org/16661/>

Instructions: Print this page and then close this window. Here are the regular polygons used in the 21 different polygon arrangements around a point. Cut these out and experiment on your own, or use them while going through the pages about semiregular tessellations.
